THREE GREAT REASONS TO COME OUT FOR THE NORTHERN BAY REGATTA (NBR)

SATURDAY JUNE 30th and SUNDAY July 1st.

THE RACING

This year we're introducing an exciting new venue, on Saturday we'll race Point to Point starting near Seven Foot Knoll (mouth of the Patapsco) and finishing near Middle River. On Sunday we'll have two windward/leeward races. An experienced PRO will insure fun and competitive courses, these are wildcard CBYRA sanctioned races that can be used in any division for High Point scoring. Starts for PHRF, CHESSS, CRCA (Cruising Class) and Multi-Hull are planned. One Design Classes are greatly welcomed and encouraged (Please contact Glenn Harvey). Early indications suggest a good turnout of racers.

THE PARTY AND HOSPITALITY

The Maryland Yacht Club (in Rock Creek) welcomes all competitors to enjoy the facilities and hospitality of their club on Friday June 29th. Slips are provided free (nominal charge for electricity) and the bar will be open. Lounge by the pool, have dinner at the clubhouse (only \$15). In the morning you are just a few miles from the start of the race. Please contact Nadine at office@mdyc.org for slip assignments and instructions.

After the race on Saturday take your boat to Markley Marina where dockage will be provided at no charge. Please contact Glenn Harvey for dockage instructions. All competitors and their guests are invited to a "Luau" at the Crazy Tuna Restaurant. Enjoy special happy hour priced drinks at the Tiki Bar and a bountiful buffet dinner for just \$25. It's going to be a great party! Games and prizes will be offered and a live band will perform. Bring your favorite Hawaiian outfit and flip-flops.

THE FIREWORKS

The Independence Day fireworks display in Middle River begins just after sunset on Saturday. If you haven't experienced them you are in for a treat. The main display is dazzling but what makes this fireworks special are the many clubs and individuals who also provide fireworks on what seems like every point of the compass. When the fireworks conclude hundreds and hundreds of boats all turn on their running lights simultaneously, it's magical! This experience is best viewed by boat, it's just a 10 minute motor from the Crazy Tuna (and Markley's Marina) where the party will continue when the fireworks conclude.
